

CHILDREN'S ACTIVITIES AND PROVISIONS

The location is beautiful, the villa is glamorous, and the food is delicious, and yet a major appeal of Villas SUNGAI and SUNGAI GOLD Bali is the welcome given to our young guests, including our own version of a Kids Club to ensure the littlest of guests are equally well looked after. Children aren't just accepted, they are treated as valued guests whose needs are of equal importance to those of their parents'..... our staff adore children and fuss over them during their stay. We can also arrange dedicated babysitters/nannies for babies and toddlers (incl overnight) if you are not travelling with them, so parents can relax totally.

And this article may be useful if travelling for the first time with a baby or child:

<https://www.cntraveler.com/story/everything-you-need-to-know-about-flying-with-a-baby>

§

The traditions and culture of Bali beckon from every corner of Sungai & Gold and to enhance that for our younger guests we have added a number of personalised experiences highlighting the traditional village..... unlike the segregated experience at other resorts, these activities will be offered where their parents can observe/enjoy their children's excitement or participate if they would like, or they can relax with their book and cocktails poolside or luxuriate in the spa facility, knowing that their children are having as much fun as them and are in the hands of the caring friendly staff that they have come to know so well during their stay.

ACTIVITIES

AT THE VILLA/S:

- Mini manicures/pedicures and massages (USD10 per 30 minutes)
- Afternoon tea party with children of the staff with home-made cake/cookies
- Kite making
- Preparation of offerings and placing of them at each of the temples/shrines dotted around the villa grounds. To do this they will be put into their own sarong (given to all children) and sashed up as a part of the tradition and a mark of respect.

CHILDREN'S ACTIVITIES AND PROVISIONS

- A visit to a local fabric shop, where locals buy their ceremonial clothes, to be fitted for their own outfit that can be worn to our local temple and to 'show and tell' back at their own school.
- A dance performance by local girls...just 15 minutes - not as long as a full performance and more personal.
- A gamelan performance by the village orchestra where the children are invited and encouraged to participate...a great photo opportunity.

IN THE VILLAGE:

- A village tour
Including the temple that sits above the villas; rice paddies/fields with explanation of planting seasons, techniques, etc; wood carving factory where they can watch a range of items being made at any one time; stop at a local warung to see all the goods on offer including fresh local produce; and interaction with local villagers and their children as they wander through the village
- A school visit where younger guests can take part in a class and meet the children and headmaster and play with the children later
- Participation in one of the regular local temple ceremonies if it coincides with their visit (in their new ceremonial garb)

Of course, this is in addition to the many famous tourist attractions across the island and water and adventure activities that can be accessed with the round the clock chauffeured vehicles available to our guests.

§

Some of the activities that the manager, Made, can arrange for our little guests include:

- Massages, spa treatments, manicures, pedicures, at the villa
- Gamelan performance by two local villagers
- Dance performance by 2 local little girls
- Bike riding from Kintimani to Ubud with children's and adult bikes available
- White water rafting

Some other suggestions:

Splash Waterpark (Finn's Recreation Club)

The club is 20 mins away and is home to the amazing Splash waterpark. (www.splashbali.com).

Bali Bird Park

Not only a unique place designed to increase the children's awareness of their wildlife heritage but also welcomes school parties, provides children painting competitions and birthday parties.

Jl. Cok Ngurah Gambir,

Singapadu

Tel.: 299 352 (<http://www.bali-bird-park.com/>)

Bali Hai Cruises to Lembongan Island

Incredible fun awaits kids of all ages with Bali Hai Cruises. Choose the reef cruise if your youngster is already into snorkeling, banana boats, 35m waterslide, and jumping off the diving board. Or for 10 years and older, how about an introductory dive to get really close to the fish! 8 year olds can explore 2m depths under the BUBBLE MAKER program. Take home a video to keep this precious moment. Younger ones are better off at the Beach Club to be taken care of by the certified Kids Club attendant for pirate games, treasure hunts, sand castle building and water fun.

Coloring books and crayons keep them busy during the 45 minute crossing to the island. Life guards abound, so safety is not an issue. Tel: 720331 (<http://www.balihaicruises.com.au/html/index.php>)

CHILDREN'S ACTIVITIES AND PROVISIONS

Bali Treetop Adventure Park

This amusement park will teach your kids how to love their environment, build their courage, and have more fun with exciting games such as Flying-Fox, Zip-lines, Tarzan Jumps, and footbridges from Tree to Tree.

Bedugul Botanical Gardens

Tel.: 8520680. (<http://www.balitreemap.com/>)

CHILDREN'S ACTIVITIES AND PROVISIONS

- Bumbo babysitter (3-12mths) combos with play trays

The Bumbo® Floor Seat is an original, award winning baby seat. Its unique design allows your baby to sit unassisted, supported safely and comfortably. It enables your child to confidently observe its surroundings. Designed for infants from three months to one year, the Bumbo® Floor Seat is uniquely designed according to the baby's posture. It can be used on any flat ground level surface and promotes new opportunities for interaction between you and your child.

The Bumbo® Floor Seat Combo includes the Bumbo® Play Tray.

The Bumbo® Play Tray fits securely to the Bumbo® Floor Seat. The Bumbo® Play Tray brings babies toys within reach and is ideal for feeding time. The Play Tray is made of a smooth non-toxic plastic for optimum hygiene. The Bumbo® is BPA free.

- Bumbo baby baths

- Bumbo potty seat/toilet trainer

- Infa Excel Toti Potty 4-in-1 Toilet Trainers

CHILDREN'S ACTIVITIES AND PROVISIONS

- Pandan slippers 3yrs+
- Sarongs for all toddlers and children
- Night lights (Gummy Bear)

- Peek-a-Zoo™ 3-in-1 Baby to Big Kid Rocker™ (3-18kgs)

CHILDREN'S ACTIVITIES AND PROVISIONS

FEATURES

Soothing Vibration

Toy Attachments

Slip-Resistant

Adjustable Recline

- ELC Early Learning Centre Blossom Farm Laurie Lamb Snuggle Playmat Baby Gym

This is the perfect cuddly playmat for your little one to relax and snuggle against. Includes five hanging toys that rattle, squeak and chime, your baby will love reaching out to them and exploring the textures, the mirrors and sounds, which stimulate the senses and boosts the hand-to-eye co-ordination.

- Suitable from birth.
- As they grow older and can roll over, the two arches can be removed and the toys can be detached for them to play with during tummy time play and they can discover the lamb's friendly face and crinkly ears too.
- Once your little one can sit up, the Blossom Farm Snuggle Playmat provides a comfy place to sit as they play with their toys.

POOLS

- A children's ledge in both pools
- The option of a pool fence [95% of our guests choose not to use this option as, with the pools being such focal/central features (with no hidden areas) and with staff on duty at all times, a fence has proven to be unnecessary, and if booked is often removed once the parents see the villa]
- SPF30+ very high protection children's 4hr water resistant sunscreen
- WAHU and AQUAFUN swimming vests 15-25kgs (2-3yrs)
Fully certified and fully complies with Australian Standards AS1900

CHILDREN'S ACTIVITIES AND PROVISIONS

- **AQUAFUN swimming vests 25-40kgs (3-8yrs)**
Aqua Fun Pool & Surf Vests are a fully adjustable swimming aid designed for pool and beach use. Suitable for children who are learning to swim and want to gain confidence in the water. Complies fully to Australian Standard AS1900-1991. Suitable for most children aged 3-8 yrs (25-40 kg).

Warning: Swimming aid vest should be used only under competent supervision, not for use in boating.

- **Speedo Sea Squad swim seats**
 - Part of Speedo's Learn to Swim stage 1 product range, this swim seat is the ideal product to introduce a child to water
 - Manufactured to the most rigorous Australian and European safety standards
 - Made using low phthalate PVC, which is a safer, more child friendly material - Children must be under supervision when using this product

1-2 years = 15kg max:

3-12 months = 11kg max:

CHILDREN'S ACTIVITIES AND PROVISIONS

- WAHU Nippas swim rings (2-6yrs)

CAR SEATS

- Your car has at least two rear seatbelts - not the norm in Bali - so that your child safety seats can be installed to make traveling more comfortable for everyone.
- Car seats of the highest quality...Safe'n'Sound Maxi Rider; Safe'n'Sound High-back booster seat (see below)
- Safe-n-Sound Child Safety Harness (see below)
- Booster cushion (see below)
- The Infa Secure Versatile (see below)

Infa-Secure Sunshine Booster cushion:

Extremely handy and easy to move from car to car, booster cushions are only recommended for older children because the seat isn't anchored and is held in place only by the weight of your child and the car's seat belt being worn. Age: 3 - 8 years
Weight: 14 - 26 kg

Safe'n'Sound Maxi Rider:

Features:

- Higher backrest of any booster seat or toddler seat to allow larger children to stay in the seat longer
- Converts from a forward facing to a booster seat
- Deep wings for side impact protection fitted with EPS liner for added head protection for the child
- Push button harness adjuster for ease of adjusting the harness
- Luxurious fabrics plus additional cushioning and padding all over

CHILDREN'S ACTIVITIES AND PROVISIONS

- Two cup holders which suits cups, drink cans and fruit boxes
- Cup holders can be rotated in to a stored position when not in use
- Arm rest that allows the child to sit in comfort includes soft touch coverings
- Pivoting arm rest that can be raised to allow the occupant to get out of the seat from the side
- Anti-submarine clip to improve the child's safety when the seat is used as a booster
- Built in child harness to 18kg which stores away when not in use
- Recline mechanism
- Seat belt locator ensures the sash of the seat belt is across the shoulder which keeps the adult belt away from the vulnerable soft tissues and organs in the abdomen and neck
- Tether strap attaches to anchor point
- Split crotch strap for added comfort and safety
- Protector Child Safety Harness Compatible
- Suitable for children from 8kg to 26kg

Safe'n'Sound Pegasus High-Backack Booster Seat:

Description:

- Tallest booster on the market
 - Impact absorbing, compression resistant polystyrene foam for added strength and durability
 - Patented anti-submarine clip
 - Plush luxurious trim with additional cushioning and super soft head pillow. Wide, comfortable seat with extra-large contoured side wings
 - Elevates your child for a better view and the proper use of your car's seat belt
 - Includes improved lap belt path, seat belt locator and handy side pockets
- Suitable from 14kg up to 26kg

CHILDREN'S ACTIVITIES AND PROVISIONS

The Infa Secure Versatile:

Features energy absorbing polystyrene head wings to help absorb the energy in a side impact accident

- Suitable for use from approximately 4 years to approximately 8 years
- Side armrests double as a guide for the seat belt, to comfortably and safely restrain your child
- Crash tested to meet the requirements of the Australian Standard AS/NZS 1754:2010 □ The Versatile's point of difference is its super lightweight & folding design.
- Because it weighs in under 2kgs it doesn't require a top tether strap. You pop it into position and use your car's standard seat belt.
- The minimum & maximum shoulder height markers make it easy to ensure the booster is the right size for your child. All you need to know is if your child's shoulders are closer to the minimum height marker the seat belt goes under the head support. If shoulder height is closer to the top height marker the seat belt goes over the head rest.

CHILDREN'S ACTIVITIES AND PROVISIONS

Safe-n-Sound Child Safety Harness:

Description:

- Suggested for use with booster seats for improved upper torso support
- Attaches to a rear anchorage point and is used in conjunction with the lap-sash seat belt
- Harness must be used if the booster seat is used with a lap-only seat belt
- Harness can be used on its own after 26kg and up to 32kg ▪ Suitable for children from 14 kg up to 32kg
